

Two New Competitions at TEKNOFEST 2024: Wireless Communication and Smart Wi-Fi Coverage

A New Competition at TEKNOFEST: Wireless Communication...

Applications for the **Wireless Communication Competition**, organized for the first time this year within the scope of **TEKNOFEST** under the leadership of **Ulak Communication**, continue.

Wireless Communication Competition is organized to address problems in the field of communication, enhance knowledge and qualified human resources, and provide solutions. In this way, technological innovations in the communication sector will be encouraged, scientific and technological advancements will be accelerated, and experts in the industry will come together with young engineers/engineer candidates to increase knowledge sharing and to find solutions for various problems.

All high school (including Open Education) and university students (including Undergraduate, Associate, Graduate, Doctorate, and Open Education) studying in Türkiye and abroad can participate in the **Wireless Communication Competition**. Participants can form teams of a minimum of 2 and a maximum of 6 individuals. The winners will receive cash prizes of ₺120.000 for first place, ₺100.000 for second place, and ₺90.000 for third place. Applications will end on **February 29th**.

Time to Apply for the Smart Wi-Fi Coverage Competition!

The deadline for **Smart Wi-Fi Coverage**, which is among the technology competitions organized for the first time this year within the scope of **TEKNOFEST** under the leadership of **Turkcell**, is **February 29, 2024**.

The Smart Wi-Fi Coverage Competition is organized to enhance the performance of Wi-Fi technology used for internet access within homes, given the extraordinary increase in the use of smart devices and internet content in household settings. Within the scope of the competition, indoor mapping will be conducted using LIDAR sensors, and the goal is to optimally position CPE based on the obtained data within the home.

All university students studying in Türkiye can participate in the competition. Participants can form teams consisting of a minimum of 2 and a maximum of 5 individuals. The winners will receive cash prizes of ₺120.000 for first place, ₺100.000 for second place, and ₺90.000 for third place. Applications will end on **February 29th**.
